RE: LOUIS CAMPAGNA w.a.s ETAL
BERNSTEIN; PAROLE PAROLEES

Attn: FBI Laboratory

Dear Sir:

At the present time the U. S. Attorney in this District is conducting a Grand Jury investigation in connection with the above captioned case. EUGENE BERNSTEIN, attorney for parolees, telephonically contacted TONY GIZZO at Kansas City, Missouri, and requested that he secure reservations for BERNSTEIN at the Muehlebach Hotel, Kansas City, Missouri, for August 12, and 13, 1948. According to TONY GIZZO he was unable to accomodate BERNSTEIN and secured the services presumably of an individual by the name of KING TAXMAN, a permanent guest of the hotel, to secure such reservations as BERNSTEIN had requested.

The Desk Clerk at the Muehlebach Hotel claims that an individual from Room 328, identifying himself as FRANK MURPHY, made reservations for BERNSTEIN. GIZZO claims that this individual was none other than KING TAXMAN.

Efforts are being made to corroborate this statement and there are enclosed herewith the registration cards of this individual, who called himself FRANK MURPHY, and the registration card of EUGENE BERNSTEIN, both of which were secured from the Muehlebach Hotel, Kansas City, Mo. There are enclosed also two meal checks from the Muehlebach Hotel, both signed by K. TAXMAN. In addition there are enclosed handwriting specimens of TONY GIZZO, which specimens were secured from GIZZO on March 13, 1948.

It is suggested that handwriting comparisons be made between the registration of FRANK MURPHY and the handwriting specimens of TONY GIZZO, as well as a comparison between the handwriting of FRANK MURPHY and the signature of K. TAXMAN and E. BERNSTEIN. It will be noted that on the

registration of E. BERNSTEIN, Registration Card No. F-71060, BERNSTEIN has printed his name and address.

Subsequent to a trial pending in this District against EUGENE BERNSTEIN and ANTHONY J. ACCARDO, more complete handwriting specimens of BERNSTEIN will be made available for comparison purposes with the signature on the registration of FRANK MURPHY, Registration Card No. F-71099.

The handwriting in question as indicated above is that of FRANK MURPHY who registered from 3100 Sheridan Road, Chicago, Illinois, and it is requested that every effort be made to identify this handwriting. It is requested that after the comparison is made that Registration Cards No. F-71060 and F-71099, together with Meal Checks No. 4733 and 4815, be returned to the Kansas City Office in order that they may be returned to the files of the Muehlebach Hotel.

It will be appreciated if this office is advised when such records were returned to the Kansas City Office. It is suggested that this matter be given expeditious attention due to the fact that investigations are presently being conducted in Kansas City for the purpose of definitely establishing the identity of FRANK MURPHY and proving or disproving the statement made by TONY GIZZO.

Very truly yours,

Specimens:

Q1 Registration card of the Hotel Muehlebach, Kansas City, Mo., #F 71099, and signed "Frank Murphy 3100 Sheridan Rd Chicago Ill.".
Q2 Registration card of the Hotel Muehlebach, Kansas City, Mo., #F 71060, and signed "E. Bernstein 77 W. Washington St Chicago Ill".
Q3 Meal ticket of the Hotel Muehlebach, Kansas City, Mo., #4783, and signed "M. Taxman".
Q4 Meal ticket of the Hotel Muehlebach, Kansas City, Mo., #4815, and signed "M. Taxman".

K1 Two sheets of white paper bearing known handwriting specimens of TONY GIZZO.

Result of Examination:

It was concluded that the Murphy signature on Q1 and the Taxman signatures on Q3 and Q4 were not written by Tony Gizzo, whose known writing is K1. It was not possible to determine whether Gizzo wrote the handprinting appearing on specimen Q2 because of an insufficient amount of handprinting specimens of this individual. It is suggested that if a further comparison is desired, additional handprinting containing all of the wording appearing on Q2 be obtained from the suspect.

Continued on next page.

It could not be determined whether the Frank Murphy signature appearing on Q1 was prepared by the writer of the M. Taxman signatures on specimens Q3 and Q4 because of the lack of sufficient similar word and letter combinations in these specimens to permit an adequate comparison. If additional specimens of the handwriting of the individual who signed the meal tickets in the name of M. Taxman can be secured, a further comparison will be made. These specimens should consist of wording other than the signature because the signature in itself is not comparable with the Murphy signature on Q1.

It could not be determined whether either of the individuals who prepared specimen Q1 and specimens Q3 and Q4 prepared the handprinted registration card designated as Q2 because specimens Q1, Q3 and Q4 are prepared in script writing whereas the signature on Q2 is handprinted.

In accordance with your request, specimens Q1 through Q4 are returned to the Kansas City Division with copies of this report. Specimen K1 is retained in the files of the Laboratory. Appropriate photographic copies of specimens Q1 through Q4 have been prepared.

Reference our letter March 23 and your reply dated March 27, 1948.

Enclosed are two sales checks, Nos. 9479-50 and 9593-23, which sales checks were secured from Rothschilds Clothing Company, Kansas City, Missouri, together with a post card which is postmarked July 12, 1919, which post card was addressed by MIKE TAXMAN. The two sales checks have been signed by M. TAXMAN.

It is suggested that the handwriting specimens of M. TAXMAN be compared with the handwriting of FRANK MURPHY, previously furnished the Bureau in our letter of March 23, 1948.

It will be recalled that FRANK MURPHY's signature appeared on the registration card No. F-71099. FRANK MURPHY is supposed to have registered at the Muehlebach Hotel, Kansas City, and registered from 3100 Sheridan Road, Chicago, Illinois.

It is suggested that after the comparison is made between the signatures furnished, with the registration card of FRANK MURPHY, that the sales slips and post card be returned to the Kansas City Office in order that they may be returned to their respective owners. It will be appreciated if this office is advised when such records are returned to the Kansas City Office.

It is suggested that this matter be given expeditious attention due to the fact that investigations are presently being conducted to establish the identity of FRANK MURPHY and especially for the purpose of proving or disproving statements made by TONY ACCARDO.

Enclosures to FBI Laboratory:

Specimens:

Q1 Air sales checks, numbers [illegible] and [illegible] dated [illegible], 19[illegible], Los Angeles, California, all prepared by the known handwriting specimens of [illegible].

Result of Examination:

It was not possible to reach a definite conclusion as to whether the [illegible] signature and address on specimen Q1, submitted by your office under date of [illegible], was written by the writer of the specimens described above as being the writer of the Farman signatures and specimens Q2 and Q3. The available known handwriting is not sufficiently comparable in word and letter combinations to permit an adequate comparison. In this connection, in the known writings of Farman, consisting of the [illegible] Farman signatures on specimens Q2 and Q3 and the sales checks described above as bearing the [illegible] writing, it was found that the capital "F", the small letter "a" and the small letter "m" are the only letters which are common to both the questioned and known writings. Certain characteristics were noted in these [illegible] which appear different from the questioned material. In connection with the writing that is the most comparable with [illegible] and the small "l" occur in addition to the letters in the known writing which are comparable with similar letters in the questioned material. Here again,

characteristics were noted which are different than those in the questioned writing. Since these are the only comparable letters in the questioned and known material, there is not sufficient comparable writing to permit a definite opinion with regard to this comparison.

In accordance with your request, the original evidence submitted, if, is forwarded to the Kansas City division with copies of this report. Appropriate photographic copies are retained in the files of the Laboratory.
